#434 Name: **Pitka Lake** Cause: **Lightning** Admin: **Beaver**

Narrative: At 1717 a commercial aircraft pilot relayed a report from another pilot regarding a lightning strike resulting in a fire near the village of Beaver. The fire was reported to be approximately 10 feet in diameter and smoldering in grass with some open flame. The fire plotted in a full suppression management area and it was determined that action needed to be taken.  
At 1814 smokejumper aircraft Jump-17 arrived over the area of the given coordinates and could not find any smoke or open flame and it appeared that the area had received some rain. Jump-17 scouted the area for the reported fire but was not able to find it and subsequently returned to FBK (Fort Wainwright). Zone surveillance will continue to monitor the area for days to come.
